

All About Hydrangeas

Pruning: Bigleaf (mopheads) hydrangea macrophylla, hydrangea serrata (lacecap) and oakleaf hydrangeas (hydrangea quercifolia) all bloom on new wood- prune in late fall or late winter-remove blooms and old wood

Hydrangea paniculata (pee gee) Hydrangea arborescens (Annabelle) bloom on new wood- can cut to the ground

Remontant Hydrangeas (bloom on new and old wood)

Cityline Series-new dwarf mophead variety

Let's Dance Series- bloom on new wood and old (3-5 ft)

Blue flowers add aluminum sulfate

Pink flowers add lime and phosphorus
